Bulletins

Every week, Friday evening, adorned the bulletin of the association it is sent to more than 500 subscribers. It resumes all the articles appeared on the site of news in the week, more other information as the new callsigns, the subject of the week, the publications of the weekend and the schedule.

Soon we should resume the publication of Short Waves Magazine OCI, we look for little expensive solutions.

SWL Callsign

The URC is one of associations which was appointed by the administration to deliver SWL Callsigns. This service is completely free for everybody. It is approximately 10 in 15 SWL callsigns delivered a month.

Contest F9AA

A three-day event in memory of the founder of the URC F9AA, it's opened to the SWL and to the beginners. 3 rounds of 24 hour from Saturday 12am to Sunday 12am. A free software specially conceived for the occasion.

- CW 1st WE of February
- SSB 3rd WE of March
- PSK at the middle of May 2nd WE of May

Defense

The URC defends 3 classes of licenses for France with an access to HF frequencies for all:

- Basic license in compliance with the recommendation CEPT ECC report89.
- An intermediate license in compliance with the recommendation CEPT ECC (05 (06))
- A license completes HAREC

The URC provides him with all the ways to maintain with the administration of the cordial rela-

The service of attribution is free but the QSL service is reserved for the members.
